## **FOR IMMEDIATE RELEASE:**

### **Provectus Biofuels, Inc. newest Advisory Board member, Andy Bevan**

**PRINCE GEORGE, BC:** Provectus Biofuels, Inc. (“Provectus”) on January 23, 2024 signed an Advisory Board Agreement with, and is pleased to announce the appointment of, Mr. Andy Bevan as the newest member to the Provectus team.

Mr. Bevan holds a Masters of Law degree, LL.M., and LL.B., and has 25 years of public government service. During his time in the public service he served in a number of senior and executive roles including Legal Counsel, Director of Intergovernmental Relations, Assistant Deputy Minister of Labour and Income Security, Acting Deputy Minister of Aboriginal Affairs and Intergovernmental Relations and most recently Associate Deputy Minister of Post Secondary Education Renewal and President of Aurora College.

Jon Jaque, President said, “Mr. Bevan’s key experience in intergovernmental and Indigenous affairs along with extensive general business experience brings welcomed depth to our Advisory Board.”

#### **ABOUT THE COMPANY:**

Provectus Biofuels Inc. is a clean energy technology company based in the Province of British Columbia. Our main focus is the development of renewable low-carbon gasoline (RLCG) derived utilizing green hydrogen from electrolysis, gray hydrogen from steam methane reforming, forest waste, logging slash, and mill waste. This type of fuel is known as eFuel. We plan to be one of the first suppliers of eFuel in North America.

Provectus eFuel is a drop-in ready 87 octane gasoline that has zero contaminants, zero sulfur with no blending required. Our RLCG has a Carbon Intensity score of 28 on the BC government Low Carbon Fuels Standard under the CleanBC Act. To achieve our objective, we have acquired an exclusive Canadian Development License for a unique and efficient patented process, and are working with world leading technology suppliers to develop the commercially proven technology.
